

# TALKING TO POLICE

I can talk to police safely.

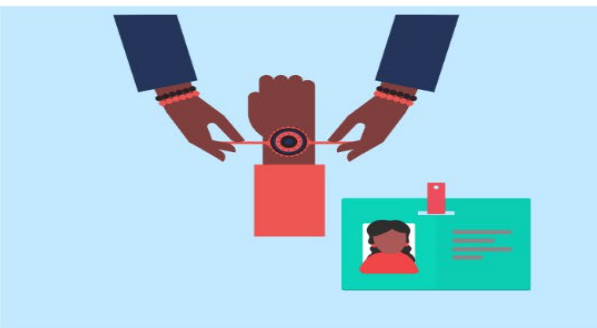

I am calm.

If the police officer says "hands up" I put my hands up in the air.

I do not hit the police officer.

I show them my bracelet or card.

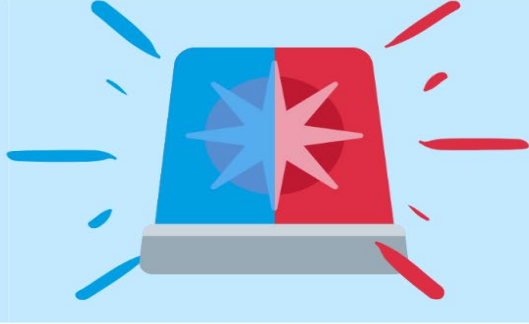

The police officer helps me find my family.

# TALKING TO POLICE

Police officers drive police cars.

Police cars are loud and have bright lights.

If the officer says to go in his car, I get in.

I do not yell or run away.

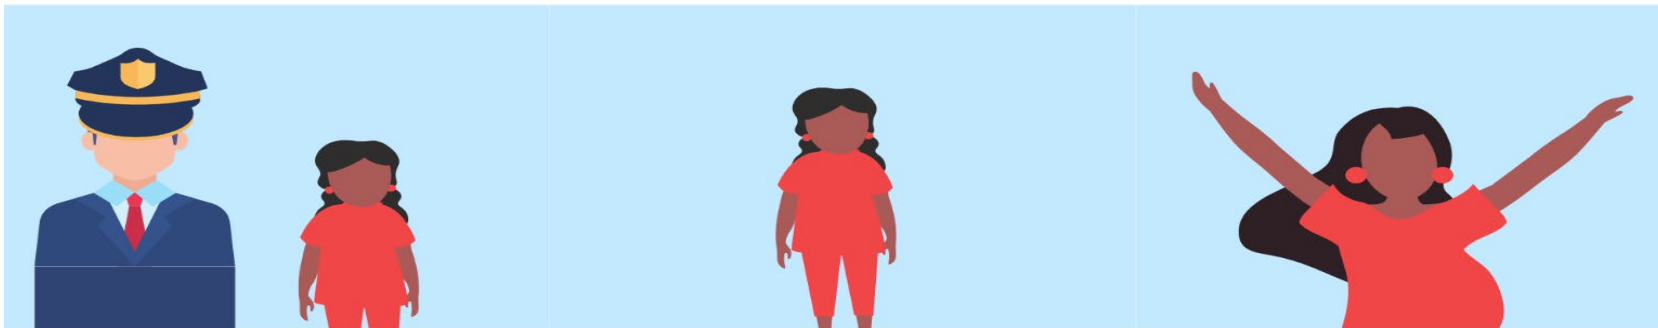

I stay with the police officer until my family comes.

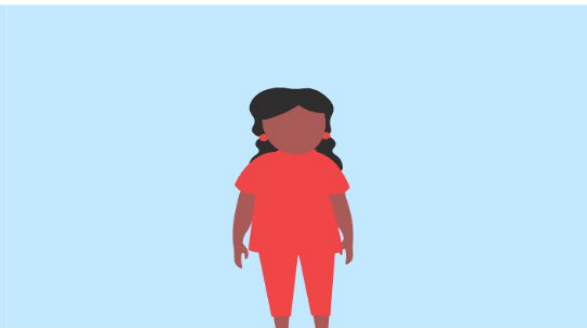

My family talks to the police officer, then we go home.
